General Supplies needed:

Sewing machine in working order (including power cords and extention cords)

Thread, scissors, seam ripper,pins and any other notions you usually sew with.

Rotary cutter, mat and ruler.

Irons and ironing boards should be provided by the guild. Personal pressing items may be okay to use at your workstation as long as the use of power won't trip the circuits in the building leaving the room (or half the room) without power! Please check with your workshop coordinators if mini irons are okay or not.

Looking forward to this workshop with your guild!
