

Fourth of July!

Let your patriotism shine with this scrappy red, white, and blue lap quilt. The use of simple 4-patch blocks and those with stitch-and-trim corners make it an easy quilt, but one that will dazzle the eye and warm the heart. Get ready to snuggle under the fireworks!

Quilt Size: 60" x 72"

The large lap quilt shown here is made using 80 blocks set 8 blocks across by 10 blocks down.

Two bold color families, medium to dark reds and blues, and a common white or light fabric will make this a spectacular quilt. Because it uses scrappy fabrics, it's the perfect project for a collection of red and blue fat quarters. Feel free to scrappy up those neutrals in the background as well!

	Yardage	Cutting
BLOCKS Variety of red scraps	Equivalent of 1 ¼ yds.	(122) 3 ½" x 3 ½" squares cut from a variety of medium to dark red prints
Variety of blue scraps	Equivalent of 1 ¼ yds.	(118) 3 ½" x 3 ½" squares cut from a variety of medium to dark blue prints
White or light	1 ½ yds.	(7) 6 ½" x width of fabric strips, sub-cut into (40) 6 ½" squares
BORDERS #1—white or light #2—your choice	½ yd. 1 ¼ yds.	(6) 2 ½" x width of fabric strips (7) 4 ½" x width of fabric strips
BINDING	¾ yds.	(7) 2 ½" x width of fabric strips

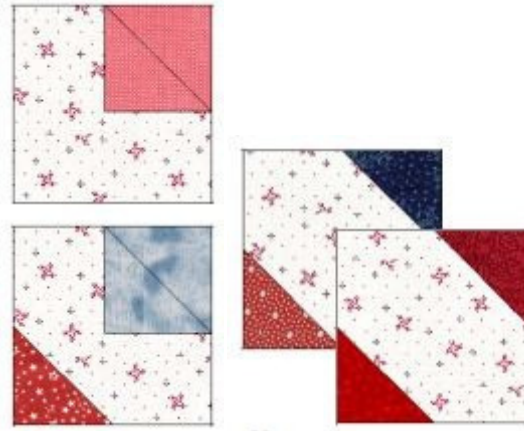

the width of fabric may vary between 40" and 44"

		
6" finished (6 ½" unfinished)	6" finished (6 ½" unfinished)	6" finished (6 ½" unfinished)
Block A	Block B	Block C
<i>Medium to dark red and blue 3 ½" squares are positioned to create a simple 4-patch block. Note the positioning of the reds and blues. Make 40.</i>	<i>Red and blue triangles are created in opposite corners using the stitch-and-trim technique. Make 38.</i>	<i>Both corner triangles are red in two blocks positioned in the center of the quilt. Make 2.</i>

BLOCK A (make 40)

Make four-patch blocks using (2) different red and (2) different blue 3 ½" squares. For easy matching, press seams in alternating directions. Completed 4-patch blocks should each measure 6 ½" square.

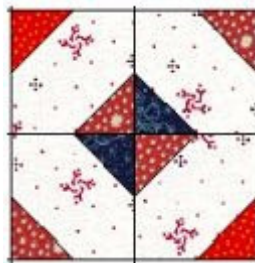

Block B

Block B & Block C

BLOCK B (make 38, 1 red & 1 blue triangle) and BLOCK C (make 2, both triangles are red)
 You will use the stitch-and-trim technique to make triangle in two corners of the B and C blocks.

On the back of the 3 1/2" squares, draw a diagonal pencil line from one corner to the other. This will be your stitching line.

With right sides together, place a red 3 1/2" square in the corner of the large 6 1/2" square, lining up the edges and outside corner. Sew on the pencil line from corner to corner as illustrated. Trim off the corner, leaving a 1/4" seam allowance. Press toward the triangle. Repeat in the opposite corner using a blue 3 1/2" square. Trim and press toward triangle. Blocks should each measure 6 1/2" square. For Block C, use 3 1/2" red fabric squares in both corners.

Assembling the Quilt :

Finish your quilt by arranging the A, B, and C blocks 8 blocks across by 10 blocks down (arranging blocks as illustrated at the top of this page—watch position of red and blue fabrics—the two C blocks are positioned in the center as shown here).

Borders and Finishing

Borders #1 is made by cutting (6) 2 1/2" x width of fabric strips
 Border #2 is made by cutting (6) 4 1/2" x width of fabric strips

Quilt as desired and bind using (8) 2 1/2" x width of fabric strips to make French-fold binding.
