

Hawk's Nest

Class Supply List

Finished Quilt Size: Approx 73" X 84"

Finished Blocks Size: 7.5"

If you've been saving Leftover Half Square Triangles from various Quilting projects, This quilt is the perfect project for them. Square them down to 2" and piece away!

We will be working on these blocks using the Easy Angle Ruler and 2' strips for the half-square triangles in this block.

If you prefer another triangle method, please do not cut 2" strips ahead of time, chances are you will need to go larger. The 2" is specific to the Easy Angle ruler method.

This is a book required class. Photocopies are not allowed, and each student must have their own Scraps & Shirrtails II book. You will also need an Easy Angle ruler in either the 4-1/2" size or 6-1/2" size.

Scraps & Shirrtails II can be ordered from my website ahead of time at <http://quiltvil.startlogic.com/store/index.html>. I will also have books and rulers available during class.

Because this is a 6 hour class, you don't need to precut the entire yardage for the quilt ahead of time, just bring enough to keep you busy during class time.

Quilt Yardage Requirements:

4-1/2 yards assorted dark scraps

3-1/2 yards assorted light (neutral background) scraps

2-1/2 yards solid cheddar

Inner border: 1/2 yard red print.

Pre-cutting:

Please come with the dark scraps and light/background scraps and cheddar fabric cut into 2" strips. I can't tell you how many strips to cut for the entire quilt, because scrap lengths vary – but if you are cutting from Fat Quarters, just come with a good assortment. 16 darks and 16 lights is a good variety and should give you enough to work with during class time. Add to that 12 2" strips of your cheddar yardage cut from selvage to selvage and that should be enough pre-cutting to keep you busy.

You will also need a sewing machine in working order, all cords, foot pedal, 1/4" presser foot, pins, scissors, rotary cutter, small mat, thread, seam ripper – anything you would normally take for a sewing day with you!

I look forward to spending a fun day sewing up the scraps with you!
