Work with recycled fabrics or scrap stash, it's up to you!

Put those precious scraps to work for you with a dazzling quilt pattern from best-selling author Bonnie K. Hunter. Sew a basket full of Moth in the Window blocks from strips and squares. Easy rotary cutting and simple patchwork make this pattern ideal for beginners, with pressing tips for perfect results! Let your imagination run wild with fabric and color placement as you play with light and dark values. And remember, if the fabric is still ugly, you just didn't cut it small enough!

Quilt with ALL of your scraps!

Pair strips and cut with the Essential Triangle Tool for half square triangles ready to sew.

For this workshop, you will need:
