

Talkin' Turkey Class Supply List!

Talkin' Turkey! Quilt made by Bonnie Hunter, Winston Salem NC

Quilt Size: 84" X 97-1/2"

Block Size: 12"

Talkin' Turkey is featured in my book String Fling. This is a book required class. Books can be ordered at a discount from my website at <https://quiltville.com/shop.html> and I will also bring books for purchase with me to class.

Note: This is "NOT" a quilt you can get finished in a day, and we will be working on BLOCKS ONLY during the workshop.

Yardage is included for the full quilt, and if you plan on bringing about 25% of what is required, you should have enough to keep you busy during class!

Basic Supplies: Machine in working order including a 1/4" foot. If your 1/4" foot has a guide on it, also bring a "regular" foot for

sewing strings. Many of the feet with guides don't like sewing "cross country!"

Thread, needles, pins, cords, seam ripper, scissors, small mat and rotary cutter and basic ruler. Anything that you would normally bring for a sewing day "away".

Specialty Rulers: Either my Bonnie K Hunter Essential Triangle Tool or Easy Angle and Companion Angle required. I will have the Essential Triangle Tools in class for purchase.

Foundation Paper for string piecing --- my favorite is an old phone book, but any paper such as doodle pads and news print can be used.

Fabric Requirements: Fabric is given below to complete the quilt. Please just bring enough to keep you busy for 6 hours of class time!

Red Scraps & Strings: 6 yards

Neutral/light Scraps & Strings: 5 yards

Flying geese and half square triangles will be made using 2" strips from the scraps listed above. The largest strip we need when rotary cutting the block parts is 2 5/8" ---so clear out those scraps and fat quarters and bring a variety.

I also encourage SWAPPING during the class!

If you have any questions, feel free to contact me at Quiltville@gmail.com

I'm looking forward to a fun class!
