

~Blue Ridge Beauty~

Class Supply List

What a way to dig into your scraps!
This quilt can be made any size depending on the number of blocks you make,
The more fabrics the better!

For this class you will need:

My Book, "Adventures With Leaders & Enders" is required for this class. Books can be pre-ordered from my website here: <http://quiltvil.startlogic.com/store/page5.html>

I will also have books and Easy Angle rulers available on the class day if you wish to wait. The cost of the book is \$25.00.

In addition to your fabric you will need the basics:

- Sewing machine in working order (including power cords and extension cords)
- Thread, scissors, seam ripper, pins and any other notions you usually sew with.
- Rotary cutter, mat and ruler.
- Wooden seam presser, unless individual irons are approved for your venue. Please don't overload the breakers and blow the fuses!
- Please wear your guild name tag so I know who you are!
- 1/4" piecing foot!!! (Yeah, I showed up with my walking foot on the machine because that was the last thing I sewed before retreat...dumb move on my part! :cD

Fabric requirements:

2 3/4 yards of light/neutral scraps

2 3/4 yards blue scraps

The blocks in this quilt are half "light" half "dark".

By lights....I am talking mainly neutrals: white to cream to beige to tan.

The dark side, or what I like to think of as the "COLOR" side...is all BLUE...doesn't matter which shade, from light blue all the way through to Navy..as long as it read as BLUE..and there are some prints that have other colors in them as well, but they really do read as "mostly blue".

This is one of those quilts where you don't have to cut everything ahead of time if you want to make the quilt this large, and if you are wanting to make it smaller, think accordingly. Go through your 2" strips if you have them...go through your fat quarters and scraps and choose things you would like to see "gone"! Just see how you can make a dent in the scraps you've collected over the years.

You won't finish THIS quilt in a day, but come with a good selection of the following to keep you busy enough for one day:

- An assortment of 2" strips in your two colors, whatever they are. These are for the 4 patch units in the blocks. Go through your strip bins, your scraps, your fat quarters, and pull things in your colorway that you would like to see LEAVE your stash!
- We will be focusing on the use of the Easy Angle Ruler for the half square triangle units in this quilt during class. If you wish to use the Easy Angle, come with some blue and neutral strips cut into 3.5" strips for use with the ruler
- You can also bring Thangles, or Triangles On A Roll if you like to work with those...if you are a "sew them big and trim them down" kind of quilter when it comes to your 1/2 square triangles...that works too do NOT come with 3.5" strips You will need to cut bigger!
- The most fun part is that we are all "in this together" and can learn from each other!

I look forward to spending a fun day sewing up the scraps with you!

If there are any questions, you may reach me at Quiltville@gmail.com

See you soon!
