

## Roll Roll Cotton Boll

### Class Supply List!

## Roll Roll, Cotton Boll

Full Quilt, 85" X 100"

Roll Roll Cotton Boll is a dynamic scrappy quilt, combining traditional blocks with the freedom of string piecing in the alternate blocks.

This is a **BOOK REQUIRED** class. Students must come with my book *String Fling* to class. Books can be found through your local shop, or signed copies can be ordered through my website at <http://quiltville.com>

Due to the time restraints in class – with the average class giving us only 6 hours of sewing time, we will be focusing on the pieced blocks and the string blocks during class time.

While the complete yardage for the entire quilt is given here, please keep in mind that you only need to bring enough supplies to keep you busy for a 6 hour class.

1 3/4 yards red print for blocks – may be one fabric or scrappy.  
2 yards pink fabric scraps for blocks and pieced border.  
1 1/2 yards brown scraps for pieced blocks  
1 1/2 yards green scraps for blocks and pieced border  
1/2 yard green for inner border  
5 yards of light/neutral scraps, strips and strings for block backgrounds and string blocks. look for a wide variety of prints, stripes, plaids and novelties ranging from white to cream to beige to tan. May include small figures, leaves and flowers as long as the fabric ground reads as neutral

We will be focusing on skill building with the use of the Easy Angle ruler for the large and small half square triangles within each block.

For use with the Easy Angle Ruler, please come with the following pre-cut before class:

SOME 3-1/2" strips in pink and brown for large block triangles

SOME 2" strips in neutrals and red for the small block triangles

SOME 2" strips of neutral and green for pieced blocks.

where 2" squares are needed, they can be cut from these strips in class.

**\*\*NOTE\*\*** if you prefer using any other triangle method such as thangles or sewing-big-trimming-down please do not cut your fabric into strips as above. Any method that gives you a 3" finished and a 1-1/2" finished half square triangle can be used.

Along with your book and your fabric, and your Easy Angle ruler – we will need the following:

In addition to the basic requirements of Sewing Machine with 1/4" foot, (ALSO bring a regular open toe foot if your 1/4" foot has a guide on it.) pins, needles, thread, seam ripper, scissors, rotary cutter, mat and ruler you will need:

Foundation paper: Any paper can be used! I use phone book paper as my foundation as it tears easily and is readily available. Unprinted news print type paper, or doodle pads from the dollar store also work well! Please avoid velum as it curls when touched with an iron. Cut a handful of 8.5" square foundations from paper before coming to class.

A 8.5" or 9.5" square ruler is helpful in trimming up string block units.

I like to use a size 14 denim needle when doing the string piecing. They make bigger holes in the paper to help the paper tear away easily.

Come and sew and have a good time!
