

Happy Boxing Day, friends!

"The Day After" can come with a sense of relief that we have made it through yet another Christmas season -

I know many of you may still have family around and need something a bit lighter this week,

So how about we put some more things together?

Today is another assembly day from Parts we've already made - the half-square triangles coming from Part Three and the half-rectangles coming from Part Four.

We will be making 25 sets of 4 matching with these parts.

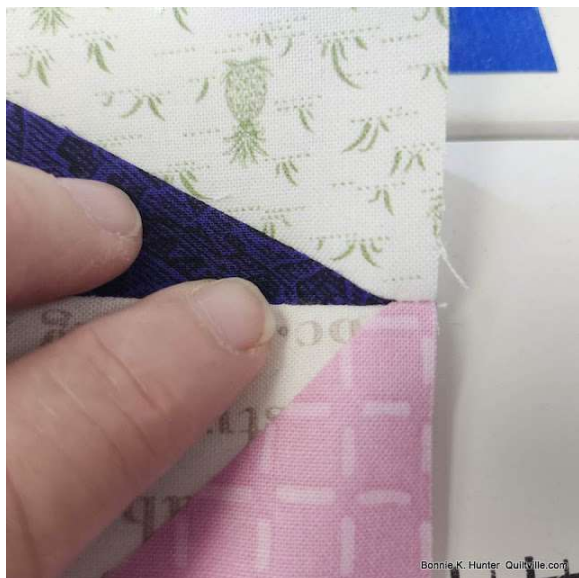

Units will measure 5" unfinished and finish at 4 1/2" in the quilt.

It's basically an uneven four-patch. Position units as shown. Join units into rows, pressing seams toward the half-square triangle units.

Join rows to complete units, pressing seam toward the larger half-square triangle (top row) unit and half-rectangle.

This is what we want!

This is the whole reason for that 1/8" margin in the trimming of the half-rectangle units. Now that the 1/4" seam is taken up, points match where they should!

Make 25 sets of 4 matching

Units will measure 5" unfinished and finish at 4 1/2" in the quilt.

That's it for this week folks - take time to slow down and enjoy this week leading up to New Year's Day. We'll see you back here for Part Seven on 1/2/26.

Happy New Year!

This mystery pattern is given for personal use only.
