

## Mai Tais in Paradise!

### Class Supply List

Block size: 7 1/2"

Quilt size: 55 X 65 1/2"

Addicted to Scraps Book Required.

Quilts with so much motion and sew many fabrics speak to my scrap loving soul!

This two-block quilt is made from a plethora of scraps and strips and part of the fun is sharing fabrics with students in class.

For this workshop you will need:

Bonnie K Hunter's Essential Triangle Tool.

Sewing machine in working order with all cords, foot pedal and patchwork foot.

Rotary cutter with new blade, small mat and rotary ruler.

Wooden pressing tool if individual irons are not allowed.

Thread, pins, seam ripper, fabric scissors and anything you would normally use while sewing at a workshop.

Please bring zip lock baggies to keep yourself organized with this class!

An ultimate scrap project, you are going to pre-cut SOME strips ahead of time. This entire quilt is made with 2 strip widths using my Essential Triangle Tool for making all of the half square and quarter square triangles from 2" and 3 1/2" strips.

Those who wait to cut strips during class will be left behind!

**Please come with a variety of neutral scraps cut into 2" strips.**

**From colored scraps, cut a good variety in both 2" strips and 3 1/2" strips.**

As this is a 6-hour class, there is no need to cut out the entire quilt. Plan on cutting enough to keep you busy during class time, knowing you can cut more when you return home.

Yardage requirements are for the full quilt, for planning purposes only.

Medium to dark scraps: 3 yards total for blocks and binding.

Neutral scraps: 1 1/3 yards total for blocks.

Black solid: 1/2 yard for inner border.

Aqua dot: 1 yard for outer border.

The addicted to Scraps book and the Essential Triangle Tool are available in the Quiltville Store at a discount. [Quiltville.com/shop.html](http://Quiltville.com/shop.html)

I look forward to seeing you in class.
