

# NARRAGANSETT BLUES

## Class Supply List

81" X 87"

Four patches and rectangles in a barn raising setting, perfect for maximum scrap usage!

And better yet – this quilt has NO triangles!

Come ready to play in the scraps in this fun workshop, learning the ins and outs of accuracy in cutting, stitching, and more. This workshop is perfect for everyone from beginner to advanced quilters alike.

No, we won't get the whole quilt done in one day, but we will have fun swapping strips with each other and making some good progress. And this quilt makes a GREAT Leader & Ender project for you to work on in between other things!

While the supplies listed below are for the full quilt, you only need to bring enough to keep yourself busy during a 6-hour class. You can always cut more when you get home.

My book MORE Adventures with Leaders & Enders is required for this class. Signed copies are available on my website at [Quiltville.com](http://Quiltville.com). I will also have books shipped ahead for you to pick up in class.

Fabrics:

2 1/2 yards of neutral scraps cut in to 2" strips.

2 3/4 yards of medium to dark scraps cut into 2" strips

2 1/2 yards of blue scraps cut into 126 3 1/2" x 6 1/2" rectangles and 36 3 1/2" squares.

Also needed:

Sewing machine in working order with all cords, foot pedal.

Rotary cutter with a new blade, rotary mat and ruler. I find a 2 1/2" X 6 1/2" or a 6 1/2" square extremely handy.

Thread, bobbins, pins, scissors, anything you would normally use for a fun sewing day!
