

Pineapple Blossom
Class Supply List

This quilt is related more towards the "geese in the corner" style of log cabin, than it is a true pineapple block, because the triangle corners are only sewn to two opposite diagonal sides. It still has that pineapple punch though, and it works up into a pretty quilt!

The block logs are cut from 2" scrap strips I already had waiting for me in the 2" scrap strip bin, and the pineapple corners are cut from 3.5" light strips.

Please keep in mind that this is a "scrap quilt" workshop and you are meant to use your stash! Since our scraps are all different shapes, lengths and sizes, fabric amounts are guestimates, no exact yardage is given.

Pattern:

Each student must come to class with the Pineapple Blossom pattern printed from the Quiltville.com website.

The pattern is found at <http://quiltville.com/pdf/pineappleblossom.pdf>

This helps keep workshop prices down. Please be aware of any students who might not have printer access, making sure that everyone in

class has a copy.

General Supplies needed:

Sewing machine in working order (including power cords and extension cords)

Thread, scissors, seam ripper, pins and any other notions you usually sew with.

Rotary cutter, mat and ruler.

Marking pencil.

Wooden seam presser if personal irons are not allowed.

Fabric supplies:

Approximately 3 yards of dark/medium scraps cut into 2" strips.

For this workshop we will start with 20 blocks. You can make the quilt as big as you want, but we will start with 20 blocks!

From your 2" strips please have ready the following:

40 2"X3.5" rectangles

80 2" X 6.5" rectangles

40 2" X 9.5" rectangles.

From 3.5" light strips cut:

100 3.5" squares light (block center and pineapple corners) These may be the same throughout the whole quilt, scrappy through the whole quilt, or you can match them in each block as I did above. All 5 squares in each block are the same, but differ from block to block.

If you have any questions about the supply list or instructions, please don't hesitate to email me Quiltville@gmail.com.

I really look forward to this workshop with you!
